

# EZ CONNECT EXTENDER TEE

### CONNECTOR FEATURES:

- Fitting to create a branch outlet from a supply stop
- Easy swivel screw-on hookup requires no drilling or extra valves
- Multiple max adapters can be used to connect more than one accessory
- Use on hot or cold water lines for easy connection of icemakers, dishwashers, or water filters.
- Temperature Range: 40°F to 160°F
- Maximum Pressure: 125 PSI
- Supply stops sold separately.

### LEAD-FREE BRASS CONSTRUCTION

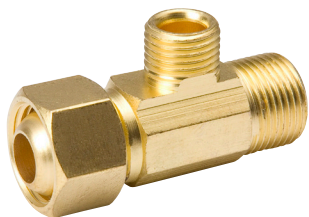

Provides corrosion resistance and ensures a long product life.

### COMPRESSION OR NPSM THREADS

Ensures a water-tight connection between supply stop and appliance.
