

# BRASS & PLASTIC HOSE END VALVES

## FOR ALL OUTDOOR WATER NEEDS

### **BUILT FOR DURABILITY OUTDOORS**

FOR ANY LAWN & GARDEN OUTDOOR FLOW CONTROL

ProLine Series has a complete offering of hose end valves for commercial and residential applications. Hose bibbs, sillcocks, frost-free hydrants, garden valves, and all necessary repair parts and accessories to support continuous outdoor water needs are included in this offering. Whether contractors need reliable brass or plastic valves, our offering provides the full range of operation types, heavy-duty options and their economical alternatives. For more information, please contact your sales representative to identify the valve that fits your job.

#### **MULTI-TURN HANDLE**

Ergonomic design for easy on/off operation.

#### **HOSE THREAD OUTLET**

Designed to connect to common FHT fittings and garden hoses.

#### **QUARTER-TURN HANDLE**

For even faster operation, simply twist and go!

#### **INLET TYPES**

Full offering supports versatility of applications.
